Around the World in 90 Minutes!

While working on his multi-award-winning book, *Cool Creatures, Hot Planet: Exploring the Seven Continents*, Marty Essen and his wife, Deb, traveled the world searching for rare and interesting wildlife. Along the way, they swam with piranhas, hiked with the Porcupine caribou migration, had close-up encounters with humpback whales, were surrounded by wolves, and survived a hippo attack.

Marty took thousands of photos during his travels and has put the best of the best into his seven continents digital slide show, **Around the World in 90 Minutes**. Filled with stunning photos, little-known facts, and humorous stories, Marty's show is both entertaining and educational.

Cool Creatures, Hot Planet: Exploring the Seven Continents has won five national awards for travel-essay writing, including the Benjamin Franklin Award, the National Indie Excellence Award, and the Best Books Book Award. In addition, it won a first place award at the 2009 Green Book Festival in Los Angeles and the *Minneapolis Star-Tribune* named it a Top-10 Green Book.
