Tuition, textbook, dormitory and health insurance costs payable to Davenport University at the beginning of each semester are estimated to be:

  - Health Insurance (12 months) ............... 972.00
  - Total (8 months) ................................ $21,607.00

*The estimates for academic and living expenses for the first academic year are for two semesters, which covers an eight month period. These estimates do not include the costs of the optional summer semester.*

**PERSONAL EXPENSES**

International students should plan for personal needs every month including but not limited to transportation, meals, recreation and personal items. Many students obtain a driver’s license and purchase an automobile. Costs related to the purchase and operation of cars are not included in any estimates.

**HOW MUCH MONEY YOU SHOULD BRING WITH YOU**

When you arrive in the United States, you should bring funds with you to cover academic costs for your first semester and personal spending money for the first month. These funds could be in the form of travelers checks or a VISA or MasterCard. It may take 2-3 weeks after you arrive to receive a wire transfer from home to your new bank account, and you will need to pay your first semester costs when you register for classes soon after you arrive. For this reason, we recommend that you bring funds with you to cover costs of about $7,000.00 USD.

**ENGLISH AS A SECOND LANGUAGE — ESL "(GRAND RAPIDS LETTINGA AND DEARBORN CAMPUSES ONLY)"**

Davenport University offers an intensive English as a Second Language program (ESL) to students who need to develop their English skills. If you are not yet proficient in English, you may still apply for and be accepted to a degree program at Davenport University. In this case you will be required to take ESL classes before you are admitted to degree coursework.

All classes at Davenport University are taught in English, so you must be proficient in the English language to enroll in degree courses.

Students who have the required English proficiency will not have to take ESL classes. Minimum English language proficiency can be documented by a score of 500 on the paper-based TOEFL (173 on the computer-based TOEFL), its equivalent or completion of Advanced ESL level IV at Davenport University. If you have taken the TOEFL, please have your score sent to Davenport University #1183.

**EMPLOYMENT**

International students are not eligible for off-campus employment during their first academic year on F1 status. Employment opportunities after the first year are limited. Money to be earned from a job in the U.S. should not be part of your financial planning process. Employment for practical training related to your degree program may be available after graduation. You will be informed of employment regulations and procedures during orientation.

**FINANCIAL AID**

International students in the U.S. are not eligible for financial aid sponsored by the Federal or State governments. Other types of financial aid are not normally available and international students should not plan on receiving financial aid as part of their funds for study in the U.S. Some scholarships are available at Davenport University for international students returning for their second academic year. These scholarships are based on academic performance at Davenport University and you can apply in May of each year for the following academic year.
Detach the application form, which is the next page of this insert, and answer all questions on both sides.

1. You MUST send the following to Davenport University to apply for admission:

   > APPLICATION FORM
   Detach the next page and complete the application form on both sides. Make certain the form is properly signed by the student. It also must be signed by the financial sponsor, if appropriate, and by a parent or guardian if the student is under 18 years of age. Make certain to properly identify your academic level, question #12, and academic program, question #13.

   > $100.00 USD APPLICATION FEE
   Make check or money order payable to Davenport University. You may charge this fee to your VISA or MasterCard by indicating this method of payment on the back side of the application form and providing appropriate account information.

   > ACADEMIC CREDENTIALS
   In the United States, completion of a 12-year elementary and secondary program leads to a high school diploma. This diploma provides the basis for admission of U.S. students to Davenport University. Applicants from foreign countries must have similar academic backgrounds to be accepted. Submit an official certificate and grade report evidencing completion of a secondary education. The document must be in English or have a certified English translation attached.

   > DOCUMENTATION OF FINANCIAL ABILITY
   United States Immigration regulations require that documentation of financial ability be provided before the form I-20 can be issued. Students and their sponsors must certify on the application form that they have sufficient funds available to pay tuition and other expenses incurred during the program. To document financial ability, you may send either an official bank statement or an official letter signed by an officer of the bank. The document must refer to an amount of money on deposit and that amount must be at least $21,607.00 USD. If the referenced bank account is in the name of someone other than the student, that person must sign as financial sponsor on the application form or submit a letter or affidavit of support.

2. In addition to the above, you may send the following information, if it applies:

   > DORMITORY DEPOSIT PLANS
   If you are requesting a dormitory reservation, complete the appropriate section on the back of the application form and send an additional $150.00 USD as a dormitory application fee to reserve space for you.

   > DOCUMENTATION OF ENGLISH PROFICIENCY
   A TOEFL score or evidence of completion of an ESL level may give you advanced standing in the Davenport University ESL program. If you have taken the TOEFL exam, please have an official score sent to Davenport University #1183. A TOEFL score of 500 (paper-based), 173 (computer-based), 61 (internet based) or higher will remove the requirement for you to take ESL classes.
