INTRODUCTION

Davenport University places a high priority on keeping its campuses safe for students, employees, and visitors who come here to learn and grow. Davenport is concerned about the well-being of everyone and has prepared this information to increase your awareness of the current programs that exist for your protection. Working together, there are many things the institution and students can do to lessen the chances of crime and fire.

Davenport University deals with the possibility of crime and fire through educational programs on prevention, through safety enhancements to grounds, and through a variety of precautionary measures. This report includes number and types of fires, crime and fire prevention, the reporting of crimes, sexual assault, and other matters.

Students have the opportunity to learn safe personal living habits through programs presented on location. These include learning to recognize crimes when they occur, being informed of state and local laws governing alcohol and drug use, and developing a sense of social responsibility toward others in the academic environment. Generally, Davenport University, much like other private campuses, historically has been less susceptible to many of the violent crimes more common in other urban areas. In cases such as rape, where crimes often go unreported, special programs have been initiated to encourage students to recognize "date rape" and overcome their fears of reporting such crimes. But, like any other institution, Davenport University is not immune to crime of any kind, either student-to-student crime or crimes committed by those passing through.

This information details the specific policies and procedures Davenport University employs to deter and respond to crimes and fire safety issues as well as educational programs that teach students and staff safe living habits. The information will be organized according to the requirements of the Clery Act. The statistical and policy information included in this report were determined through collaborative interdepartmental efforts by Public Safety, Risk Management, Student Life, and Human Resources.

Please feel free to contact the E.D. of Risk Management and Public Safety, who will gladly respond to questions about safety at Davenport University.

PUBLIC SAFETY REPORT – PROCEDURES

Current policies regarding procedures and facilities for students and others to report criminal actions on campus and policies concerning the institution's response to the reports.

The different campuses within Davenport University provide 24 hour security using various forms of protection. This protection may be in the form of electronic security systems, contracted security personnel, public safety officers, contacts with area police departments, and cooperative efforts between faculty, staff and students. Also, all employees (with the exception of counseling staff) of the university have been designated as Mandatory Reporters. This means that any University employee who is informed of a Clery reportable crime or serious incident involving the health or safety of members of our community are required to disclose this information to Public Safety or the appropriate administrative staff member in keeping with our Mandatory Reporting policy.

Davenport University records all crimes or other emergencies that occur on the many campuses throughout the University. Reported crimes are listed in the Daily Crime Log. Investigation of reported crimes may be conducted by the Public Safety Department, Center for Campus Life, Human Resources, or other department responsible for adjudicating matters of misconduct.

Crimes may be reported to Public Safety Department Personnel, or administrative employees. Reports may also be made directly to Matt Miller, Executive Director of Risk Management and Public Safety or to Kathy Natelborg, Executive Director of Human Resources. If desired, faculty, staff and students will be assisted in contacting the area law enforcement agency having jurisdiction.

Davenport University encourages faculty, staff, and students to report all crimes. We do not mandate that victims of crimes report every incident to a campus official but we do strongly encourage it so that the university may provide assistance to the victim. In addition, while interactions with counseling staff at the university are strictly confidential we do encourage counseling staff to inform victims verbally of the ability for victims to make voluntary and confidential crime reports.

Davenport University

Timely Warning/Emergency Notification Statement

Davenport University is committed to providing a safe and secure environment for its students, faculty and staff. As part of its commitment, Davenport University has developed a system for providing students and employees with Timely Warnings and Emergency Notifications as required by federal law.

A Timely Warning is notification to the campus community about certain crimes occurring on campus that may present a serious or continuing threat to students and staff. Davenport University is required by the Clery Act to notify students and employees of such events. A Timely Warning will include relevant information sufficient to inform the community regarding the nature of the issue. Examples of crimes that could pose a serious or continuing threat, causing Davenport University to issue a Timely Warning, include:

1. Homicide
2. Sexual offenses
3. Aggravated Assault
4. Burglary/Robbery
5. Arson

An Emergency Notification will be sent if there is a significant emergency or dangerous situation that involves an immediate threat to the health or safety of Davenport University's students or staff. Such notifications will be provided when the threat is imminent, such as in the situation of extreme weather conditions, an active fire on campus, or active violence.

The crimes and circumstances identified above are not exhaustive, nor will the existence of such events necessarily result in the issuance of a Timely Warning or an Emergency Notification. Rather, the decision of whether to issue a Timely Warning or Emergency Notification will be made by Davenport University administration on a case by case basis.

It is imperative that Davenport University be able to communicate with its students and staff in the event of an occurrence that requires a Timely Warning or an Emergency Notification. For that reason, students and staff will receive Emergency Notifications via phone, email, text/sms. Follow up information may also be sent by the same means. Timely Warnings will be provided by phone and email.

If a student wishes to opt out of receipt of Emergency Notifications via text messaging, he/she may do so by following the instructions found on this [page](#). Students and staff may not opt out of receipt of such messages via any other form of communication. To review and update the contact information that Davenport University will use to provide Timely Warnings and Emergency Notifications, please utilize this [link](#).

The Public Safety Department is the team that crafts the content and delivers any timely warnings or emergency notifications that might be communicated to the Davenport Community. Inquires about such communications should be directed to your campus' office of Public Safety.

PUBLIC SAFETY REPORT – CONFIDENTIAL REPORTING

Davenport University wants to do everything it can to foster a spirit of reporting within our community. To that end we have several methods for voluntarily reporting crimes or similar incidents that provide anonymity to the reporter. Both students and staff members may report incidents anonymously through our online incident reporting systems: Maxient or Ethicspoint. All anonymous incidents will be treated with the seriousness they deserve and every effort will be taken to ensure the safety and security of the members of our community.

PUBLIC SAFETY REPORT – LAW ENFORCEMENT

Current policies concerning law enforcement including the enforcement authority of institutional public safety personnel, policies that encourage prompt reporting of all crime to the local police and policy on the monitoring and recording through local police agencies of criminal activity engaged in by students at off campus locations.

All Public Safety officials throughout the University do not have police powers and do not have the ability to make arrests. All criminal actions will be referred to the area law enforcement agency having jurisdiction. The University does not currently have a Memorandum of Understanding (MOU) with any law enforcement agency that describes our cooperative efforts in investigating alleged criminal offenses on campus property. Any law enforcement officer may come on to the University at any time. Local and state police can arrest students and visitors on campus for the violations of all laws within their agency's jurisdictions.

Students, employees and campus visitors are subject to all local, state and federal government laws, in addition to campus regulations. Davenport University maintains a cooperative working relationship with municipal, county, and state police to ensure the enforcement of all laws. Local police agencies provide assistance to Davenport University for any emergency that might require police services.

In addition, Davenport University has the responsibility of advising appropriate authorities of violations of civil or criminal law committed by anyone when a request is made by those authorities for specific information, or when there is a danger to life and/or property. Activities occurring outside the premises of Davenport University are supervised by University personnel and therefore subject to the same rules and regulations as in-house activities as well as by federal and state laws. Davenport University will be involved in the monitoring and recording of criminal activities through the assistance of local law enforcement agencies dealing with activities that occur outside the premises of Davenport University.

SECURITY SERVICE REPORT – FACILITIES

Current policies concerning security of and access to facilities, including residences. Davenport University does not maintain or provide residence halls or housing for students either on or off the premises with the exception of the Grand Rapids Main Campus – Lettinga.

Students, faculty, and staff at Davenport University have access to academic, recreational, and administrative facilities. Several of these facilities are equipped with electronic intrusion systems. If anyone opens a door or breaks a window, each system is designed to notify the area law enforcement agency. The alarm initiates an immediate response. Various computer labs are also controlled by access control systems.

Access to the residence halls at the Lettinga Campus is limited to students and their guests. Access to residence halls by University employees is on an "as-needed" basis and incorporates a strict card key control procedure. The residence halls are protected by an electronic access system.

Each University location maintains the buildings and grounds with a concern for safety and security. It inspects the facilities regularly and makes prompt repairs affecting safety and security. It also responds promptly to reports of potential safety or security hazards, such as broken windows and locks.

SECURITY SERVICE REPORT – PROGRAMS

Descriptions of programs designed to inform students and employees about security procedures, crime prevention programs, and to encourage them to be responsible for their own security and the security of others.

Davenport University's crime education efforts stress both good personal safety habits and the importance of community safety. Information is disseminated to students/staff continually concerning tornadoes, theft, medical, fire and other safety matters. Additionally, Staff and Students are provided with an online training module at the beginning of their time at the University that details safety issues such as how to be aware of your surroundings and being an active bystander in order to make criminal activity harder to perpetrate.

Safety/security workshops and seminars relating to safety issues are available to students and staff. Topics covered include Active Shooter Response and Rape Aggression Defense (RAD). In addition, staff are trained annually in the University's Mandatory Report Policy which assists the staff member in determining what constitutes a Clery or Title IX violation as well as how to report incidents should they become aware of them.

An emphasis is placed on individual responsibility and on teaching students to be responsible for themselves and one another to ensure their safety.

Program Descriptions:

New Student Orientation: Each campus conducts an orientation for new students that provides information on Public Safety services and actions that can be taken to make yourself more safe on campus, among other topics.

Safety Presentations: Public Safety staff will deliver safety related presentations to classes, departments, or community groups upon request. This may be done for a variety of safety related topics, based on the instructional objective of the course. Rape Aggression Defense (RAD): Women only classes designed to provide real world knowledge and skills to be more aware of your surroundings and how to defend yourself in the event of an attack.

ANTI-HARASSMENT POLICY (Updated 10/2016)

Davenport University strives to create and maintain a positive work and learning environment in which people are treated with dignity, decency and respect. The policy of Davenport University is to provide an environment free from harassment and unlawful discrimination on the basis of national origin, race, color, religion, age, sex, sexual orientation, disability, gender identity, veteran or other protected status. Such harassment or discrimination does harm to those to experience it, is a violation of this policy, interferes with the fulfillment of our mission and therefore, will not be tolerated.

All employees, regardless of their positions, are covered by and are expected to comply with this policy and to take appropriate measures to ensure that prohibited conduct does not occur. Appropriate disciplinary action will be taken against any employee who violates this policy. Based on the seriousness of the offense, disciplinary action may include verbal or written reprimand, suspension or termination of employment.

Prohibited Conduct

Discrimination

It is a violation of Davenport's policy to unlawfully discriminate in the provision of employment opportunities, benefits or privileges; to create discriminatory work conditions; or to use discriminatory evaluative standards in employment if the basis of that discriminatory treatment is, in whole or in part, based on that person's national origin, race, color, religion, age, sex, sexual orientation, disability, gender identity, veteran or other protected status.

Discrimination in violation of this policy will be subject to disciplinary measures up to and including termination.

Harassment

Harassment is unprofessional conduct that could reasonably be understood as (1) having the purpose or effect of creating an intimidating, hostile, or offensive environment, (2) having the purpose or effect of unreasonably interfering with an individual's work performance or access to educational activities and programs, (3) otherwise adversely affecting an individual's employment opportunities or access to educational activities and programs.

Such prohibited harassment includes, but is not limited to, epithets, slurs, negative stereotyping, or threatening or intimidating acts that relate to a person's protected characteristics or are directed toward a person because of his or her protected characteristics. Written or graphic material that denigrates or shows hostility toward an individual or group because of these characteristics is prohibited in our workplace.

Sexual harassment

Specifically, prohibited sexual harassment refers to behavior or comments which are not welcome, are personally offensive, undermine morale, and interfere with the work performance and effectiveness of its victims. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature can become unlawful harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or access to educational activities and programs, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions or access to educational activities and programs, or (3) such conduct is unprofessional and

has the purpose or effect of unreasonably interfering with or creating an intimidating, hostile, or offensive working or educational environment.

Examples of conduct which are prohibited under this policy include, but are not limited to, sexual innuendo, suggestive comments, insults, humor or jokes about sex or gender-specific traits, sexual propositions, threats, repeated unwanted social invitations, suggestive or insulting sounds, leering, suggestive whistling, obscene gestures, pin-ups, touching, pinching, brushing the body, and assault.

Retaliation

- Filing or responding to a bona fide complaint of discrimination or harassment.
- Participating in the investigation of a complaint.
- Serving as an investigator of a complaint.

Taking adverse action against someone who makes a complaint or participates in the investigation process is a violation of this policy. Any person who is found to have violated this aspect of the policy will be subject to sanctions up to and including termination of employment.

Consensual Romantic or Sexual Relationships

Davenport strongly discourages romantic or sexual relationships between a manager or other supervisory employee and his/her staff (a direct or indirect report), and between faculty or coaches and his/her student or student athlete because of the inherent differences in professional authority and the risk of perceived favoritism or lack of mutual consent. Given the uneven balance of authority between a staff member and student, any such relationship is a particular concern.

If any employee of Davenport University enters into a consensual relationship that is romantic or sexual in nature with a member of his or her staff (a direct or indirect report) or a current student or student athlete, the parties must notify human resources (HR) or other appropriate university officer for evaluation.

Filing a Complaint

Employees and students have a responsibility to inform the University of any concern regarding behavior directed toward them of harassment, discrimination, or retaliation.

Davenport University will address all complaints professionally and promptly. Confidentiality will be maintained to the extent possible in light of the need to investigate and take appropriate corrective action. Lodging a good faith complaint, even if ultimately not sustained, will not result in any adverse action against the employee or student.

The employee assistance program (EAP) provides confidential counseling services to full time employees through UNUM at 800-854-1446. Individuals wishing to discuss an incident confidentially or seeking information and advice of a personal nature are encouraged to contact the EAP. The role of the EAP in such cases will be limited to personal counseling and treatment for the person who is then an EAP client. Contacting the EAP will not qualify as notification to Davenport University of a potential harassment or discrimination issue.

Students: Davenport provides a 24/7 confidential and voluntary student assistance program or counselling service for students through WellConnect at 1-855-DU-HELPS or 1-855-384-3577. The university will take appropriate action as warranted by such investigation within a reasonable time frame.

Awareness

Members of the University community are responsible for knowing and understanding the University's policy prohibiting discrimination, harassment, and retaliation. Managers, faculty, or staff who need assistance in interpreting or applying the policy should contact Human Resources (HR) for clarification; students should contact Campus Life.

Drugs and Alcohol

Davenport University has a vital interest in maintaining a safe and healthful learning environment for the benefit of its students, faculty and staff, and to ensure its successful operation as an educational institution. The University has established the following policy, which reinforces the University's commitment toward promoting a drug-free learning and working environment:

It is the policy of Davenport University that the unlawful manufacture, distribution, dispensation, sale, purchase, possession, or use of controlled substances is prohibited on University property or as part of its activities. The presence, use, or service of alcohol is prohibited on University property or as part of its activities without advance approval by the President or an Executive Vice President. Alcohol is permitted in Panther Woods resident hall.

As a condition of receiving an education at Davenport University, each student is required by federal and state law to comply with the terms of this statement. Any student, faculty or staff member who is found to have violated the policy will be subject to sanctions by the University, which may include suspension, termination, expulsion and referral for prosecution. Specific criminal penalties are applicable to unlawful activities as identified above and may include imprisonment and fines.

It is the policy of Davenport University that employees bringing illegal, non-prescription drugs and controlled substances, prescription drugs for unintended or non-prescribed use, or alcoholic beverages to work, being under the influence of such substances while working, using them while working, or dispensing, distributing, or illegally manufacturing, selling or purchasing them on University premises and work sites, will be subject to disciplinary action, up to and including termination. Off-duty employee conduct can be a basis for action under this policy if, in the judgment of the University, such conduct could impact the University's reputation, the employee's availability for work, or the employee's fitness for employment.

Any employee who notices an employee demonstrating unusual behavior patterns which may appear to be drug, controlled substances, or alcohol related should report the observed behavior to a department or location supervisor. Based upon reasonable suspicion and with the approval of human resources, employees may be required to take a test at any time to determine the presence of drugs, narcotics, or alcohol. Testing positive for drugs or alcohol is a violation of this policy and an employee may be subject to disciplinary action up to and including termination for violation. Refusal to take the test will be treated as insubordination.

Employees judged to be under the influence of drugs, controlled substances, or alcohol will be required to leave the premises. Proper care must be taken to ensure safety leaving the premises. Employees, who must use prescribed drugs during work that may impact his/her ability to perform work safely and effectively, should report this fact to his/her supervisor along with acceptable medical documentation. The supervisor, in consultation with the Human Resources Office, will then make a determination as to whether the employee should be able to perform his/her job safely and effectively.

An employee who is abusing drugs or alcohol or is diagnosed as a drug addict or alcoholic may be granted a leave of absence to undertake rehabilitation treatment. An employee must seek treatment before job performance and conduct issues jeopardize his/her employment. The employee will not be permitted to return to work until appropriate certification is presented to the Human Resources Office that the employee is capable of performing his/her job.

Participation in a treatment program does not insulate an employee from the imposition of discipline for violations of this or other University policies.

Employees convicted of any criminal drug violation occurring in the workplace must report, in writing their conviction, to the Human Resources Office, no later than 5 calendar days after such conviction.

Drugs & Alcohol Awareness Statement

The use of any drugs in the Davenport University community must be within limits of federal and state laws. Davenport University reminds students and staff of their responsibility to know and obey those federal and state laws prohibiting the use of illegal drugs and alcohol. Davenport University staff will enforce local and state laws regarding underage drinking as a violation of our student code or employee handbook.

While Davenport University is not specifically responsible for the enforcement of federal and state drug laws, those agencies charged with this legal responsibility have the authority to carry out their duties on campus. Individuals who illegally possess, use or supply prohibited drugs or alcohol within the academic community risk action by the appropriate civil authorities and consequent penalty in addition to University sanctions.

The Drug-Free Schools and Communities Act Amendments of 1989 require all federal grant recipients to certify a drug-free environment. Davenport University has a vital interest in maintaining a safe and healthful learning environment for the benefit of its students and employees, and to ensure its successful operation as an educational institution. In compliance with the Drug-free Schools and Community Act Amendments of 1989, Davenport University has established the following policy which reinforces the University's commitment toward promoting a drug-free learning environment:

It is the policy of Davenport University that the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs and alcohol is prohibited on University property or as part of its activities.

As a condition of receiving an education at Davenport University, each student is required by federal law to comply with the terms of this statement. Any student or employee who is found to have violated the policy will be subject to sanctions by the University, which may include suspension, expulsion and referral for prosecution.

RESIDENCE HALL FIRE SAFETY

1. Fire Safety

A. Arson

Setting of any fire or open flame is prohibited in student housing. Any involvement regardless of intention, with arson on the premises may result in suspension or dismissal from the University.

B. Candles, Incense, and Potpourri

The burning of candles, incense, and potpourri is not allowed in student housing. Any activity that could potentially compromise fire safety in the buildings including, but not limited to, lighting candles, incense, and any open flame is considered a serious offense which may result in suspension or dismissal from the University. For this reason, candles and incense are not permitted in the residence halls.

C. Pulled Fire Alarm (in the absence of a fire)

The smoke alarm system is designed to ensure safety and security of all students. Pulling a false alarm jeopardizes the safety of all students and may result in suspension or dismissal from the University.

D. Fireworks

All fireworks are prohibited from the campus. This includes, but is not limited to sparklers, caps, firecrackers, bottle rockets, skyrockets, and roman candles. The storage or use of any fireworks in University Housing may result in suspension or dismissal from the University.

E. Fire Safety Equipment

Tampering with a smoke detector, fire safety equipment, or smoke alarms is a violation of local, state, and federal laws, as well as a violation of University policies, and may result in disciplinary action and/or prosecution.

F. Smoke/Fire Alarms

When activated, smoke alarms within the building will sound and the strobe lights will flash. **Students must evacuate immediately** via stairwells, exterior doors, and fire doors (if any) **any time the smoke alarms are activated**. All residents and current occupants must move a minimum of 300 feet away from the building so the area is clear for emergency crews to respond and work, as well as for the safety of all students.

2. Smoking

Smoking is prohibited in all indoor areas of University property. Each building has a designated area outside the building for smoking which is at least 30 feet from each residence hall. If smoke can be smelled through windows or at the entrances of the halls, residents will be asked to stop smoking or move further away from the buildings. Residents are instructed to smoke at designated receptacles. Residents and their guests are not permitted to pollute the entrance or any other area of the building with cigarette smoke, butts, or chewing tobacco. Hookahs are not permitted on campus.

Fire Safety Educational Programing

Davenport University provides training each year to its faculty on fire safety training in the form of an online module that covers evacuation processes and how to respond in the case of a fire. In addition, in person training is provided that covers the same topics for resident life staff at the beginning of each academic year. In addition to these training programs each resident hall conducts six fire drills each year with at least one being conducted at night. In the event of an actual fire on campus people should report it immediately to Public Safety or Resident Life Staff.

Future Plans for Improvement:

Davenport University believes that it is doing everything necessary to address fire safety concerns within the resident halls and does not have any current plans to make any improvements to its fire safety infrastructure.

7. The procedures that the institution must follow when a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours include:
 2. If the student has designated a contact person, notifying that contact person within 24 hours;

A. Definitions

There are numerous terms used by Davenport University in our policy and procedures.

Consent: The State of Michigan does not have one single definition of consent; however the following applies to consent in a criminal case in Michigan and is the definition of consent for purposes of this policy: Consent is a clear, freely given, verbalized "yes" to sexual activity. The absence of "no" is not consent. Silence, in and of itself, cannot be interpreted as consent. Furthermore, a verbalized "yes" which has been coerced, does not constitute a freely given "yes". Individuals who consent to sex must be able to understand what they are doing. A person may not be able to give consent if: they are under the age of 16, if they are legally mentally incapable, mentally incapacitated or physically helpless. This may include impairment due to drug or alcohol use. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

1. Consent to any one form of sexual activity does not automatically imply consent to any other forms of sexual activity.
2. Previous relationships or prior consent does not imply consent to future sexual acts.

Sexual Assault: "Sexual assault" means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Until 2012 the Department of Education used the National Incident Based Reporting System (NIBRS) definition of rape, which is as follows:

Forcible Rape: is the carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against that person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes forcible rape of both males and females.

In 2013 the Department of Education changed the definition for rape to the following:

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined a nonforcible sexual intercourse with a person who is under the statutory age of consent.

Michigan Criminal Law section 750.520a provides the following definitions for incidents of sexual assault.

(a) That other person is at least 13 years of age but less than 16 years of age, and the actor is 5 or more years older than that other person.

(b) Force or coercion is used to accomplish the sexual contact. Force or coercion includes, but is not limited to, any of the following circumstances:

(i) When the actor overcomes the victim through the actual application of physical force or physical violence.

(ii) When the actor coerces the victim to submit by threatening to use force or violence on the victim, and the victim believes that the actor has the present ability to execute that threat.

The defendant has the burden of proving this defense by a preponderance of the evidence. This subdivision does not apply if both persons are lawfully married to each other at the time of the alleged violation.

(e) The actor is a mental health professional and the sexual contact occurs during or within 2 years after the period in which the victim is his or her client or patient and not his or her spouse. The consent of the victim is not a defense to a prosecution under this subdivision. A prosecution under this subsection shall not be used as evidence that the victim

is mentally incompetent.

(f) That other person is at least 16 years of age but less than 18 years of age and a student at a public school or nonpublic school, and either of the following applies:

(i) The actor is a teacher, substitute teacher, or administrator of that public school, nonpublic school, school district, or intermediate school district. (g) That other person is at least 16 years old but less than 26 years of age and is receiving special education services, and either of the following applies:

(i) The actor is a teacher, substitute teacher, administrator, employee, or contractual service provider of the public school, nonpublic school, school district, or intermediate school district from which that other person receives the special education services. This subparagraph does not apply if both persons are lawfully married to each other at the time of the alleged violation.

(ii) The actor is a volunteer who is not a student in any public school or nonpublic school, or is an employee of this state or of a local unit of government of this state or of the United States assigned to provide any service to that public school, nonpublic school, school district, or intermediate school district, and the actor uses his or her employee, contractual, or volunteer status to gain access to, or to establish a relationship with, that other person.

(h) The actor is an employee, contractual service provider, or volunteer of a child care organization, or a person licensed to operate a foster family home or a foster family group home, in which that other person is a resident, that other person is at least 16 years of age, and the sexual contact occurs during that other person's residency. As used in this subdivision, "child care organization", "foster family home", and "foster family group home" mean those terms as defined in section 1 of 1973 PA 116, MCL 722.111.

(2) Criminal sexual conduct in the fourth degree is a misdemeanor punishable by imprisonment for not more than 2 years or a fine of not more than \$500.00, or both.

(6) As used in this section, "dating relationship" means frequent, intimate associations primarily characterized by the expectation of affectionate involvement. This term does not include a casual relationship or an ordinary fraternization between 2 individuals in a business or social context.

Dating Violence: The term “dating violence” means violence committed by a person:

- 1) Who is or has been in a social relationship of a romantic or intimate nature with the victim and
- 2) The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition-

- (i) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- (ii) Dating violence does not include acts covered under the definition of domestic violence.

Stalking: The term “stalking” means

- 1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
 - (i) Fear for the person’s safety or the safety of others; or
 - (ii) Suffer substantial emotional distress.
- 2) For the purposes of this definition—
 - (i) **Course of conduct** means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, conducts surveillance of, threatens, or communicates to or about, a person, or interferes with a person’s property.

 - (a) “Course of conduct” means a pattern of conduct composed of a series of 2 or more separate non-continuous acts evidencing a continuity of purpose.
 - (b) “Emotional distress” means significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.
 - (c) “Harassment” means conduct directed toward a victim that includes, but is not limited to, repeated or continuing unconsented contact that would cause a reasonable individual to suffer emotional distress and that actually causes the victim to suffer emotional distress. Harassment does not include constitutionally protected activity or conduct that serves a legitimate purpose.

- (d) “Stalking” means a willful course of conduct involving repeated or continuing harassment of another individual that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes the victim to feel terrorized, frightened, intimidated, threatened, harassed, or molested.
- (e) “Unconsented contact” means any contact with another individual that is initiated or continued without that individual's consent or in disregard of that individual's expressed desire that the contact be avoided or discontinued. Unconsented contact includes, but is not limited to, any of the following:

(3) The court may place an individual convicted of violating this section on probation for a term of not more than 5 years. If a term of probation is ordered, the court may, in addition to any other lawful condition of probation, order the defendant to do any of the following:

- (a) Refrain from stalking any individual during the term of probation.
- (b) Refrain from having any contact with the victim of the offense.

The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

For the purposes of Clery reporting Davenport University does not “unfound” crimes and no staff member of the university is authorized to attempt to “unfound” a crime that has been reported.

C. Procedures for Reporting a Complaint

Davenport University has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Davenport University will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to Davenport University Public Safety or local law enforcement. Students and employees should contact:

For incidents involving students:

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at the YWCA of Grand Rapids, Nurse Examiner Program (25 Sheldon Ave. SE, Grand Rapids, Mi. 49503 (Tel. 616-776-7273). In Michigan, evidence may be collected even if you chose not to make a report to law enforcement.² In the State of Michigan a victim of a sexual assault is not required to provide their name in order for evidence to be collected. For a victim of sexual assault who is unsure about participating in criminal prosecution, having the sexual assault evidence collection kit completed will help keep their options open. The sexual assault evidence collection kit cannot be released to the police without the victim's signature on an authorization form. It is important that a victim of sexual assault not bathe,

² Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not "require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both."

douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police. Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying local police if they so desire. The Kent County Sheriff's Department South Sector Office can be contacted by phone at (616) 632-6490 or in person at 8557 Kalamazoo Ave, Caledonia, MI 49316. Additional information for Kent County Sheriff can be found online at: <https://www.accesskent.com/Sheriff>

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator,

A complaint may be filed by calling, writing or coming into the office to report in person and Public Safety (if the complainant so desires.)³ Davenport University will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a complainant chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Public Safety or other law enforcement to preserve evidence in the event that the complainant changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the University, the below are the procedures that the University will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

- Take immediate steps to ensure the protection of the complainant/victim
- Immediately inform the complainant/victim of their options for addressing the issue
- Determine the complainant's willingness to participate in the adjudication of a case.
- Receive a formal complaint from Complainant
- Complete a fair, thorough and impartial investigation of the
- Initiate the resolution process as determined by the Student Code of Conduct or Human Resources Policy
- Notify both the complainant and the respondent simultaneously of the resolution decision.
- Notify both the complainant and the respondent simultaneously of the right to appeal the decision.

In all cases the standard of evidence that will be utilized is clear and convincing. This means that the evidence is highly and

³ The Title IX Coordinator is regarded as a "Responsible Employee" under Title IX and also a "Campus Security Authority" under the Clery Act. substantially more likely to be true than untrue; the fact finder must be convinced that the contention is highly probable. This standard of proof falls between the preponderance of the evidence standard and beyond a reasonable doubt standard.

2. The legislature may provide by law for the enforcement of the section.

The initial paperwork (the instruction sheet, petition and affidavit) can be downloaded Courts & Law Enforcement, 17th Circuit Court, Forms, documents section.

Other Requirements

Parties filing need to present valid picture ID (includes other State driver's license, passport or school identification)

A signed personal protection order must be served upon the respondent and a proof of that service needs to be filed in the case.

Hours

General walk-in office hours Monday-Friday from 8:00am to 5:00pm.

Client interviews from 9:00am to 2:30pm.

PPO Expiration Date

PPO's are only in effect up to the expiration date. This is located near the bottom right of the order in RED. IF you need to extend your order, you must come in to this office approximately three weeks before the expiration date, or call (616) 632-5071 to request the paperwork to extend. Extensions may be requested for another 6 months, 1-year, or 5-years, the Judge has the final say as to how long an extension will be granted for.

Enforcement of a PPO

If a violation occurs, do not call the PPO office -- call the police. A police report is helpful, but not required to pursue a violation of the respondent through the courts. If no arrest is made and you wish to pursue the violation, contact the PPO Office for paperwork to schedule a hearing. The petitioner will need to follow the PPO conditions as well as the respondent. Please note that only the Judge may change the conditions of or dismiss the PPO.

Change of Address

Persons who obtain Personal Protection Orders will be responsible for providing the PPO office from which they obtained the order with any updated address or phone number changes for the duration of the order.

No Contact Order

Davenport University may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, university offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal university investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Davenport University does not publish the name of crime victims nor house identifiable information regarding victims in the campus public safety department's Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request to:

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”⁴ We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list⁵ of some ways to be an active bystander.

⁴ Burn, S.M. (2009). A situational model of sexual assault prevention through bystander intervention. *Sex Roles*, 60, 779-792.

⁵ Bystander intervention strategies adapted from Stanford University’s Office of Sexual Assault & Relationship Abuse

If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, and try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don't know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cab money.
7. **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. **Don't accept drinks from people you don't know or trust**. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:

- a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
- b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
- c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

E. Adjudication of Violations

Whether or not criminal charges are filed, the university⁶ or a person may file a complaint under the Student Code or Employee Handbook alleging that a student or employee violated the University's policy.

When a report is received an assigned university investigator in conjunction with a Title IX coordinator will:

- Take immediate steps to ensure the protection of the complainant/victim
- Immediately inform the complainant/victim of their options for addressing the issue
- Complete a fair, thorough and impartial investigation of the complaint as soon as possible (within 60 days unless extended due to extenuating circumstances)
- Be sure to provide updates to the complainant/victim of the status of the investigation on at least a weekly basis or, with more frequency when needed.
- Determine the complainant/victim's willingness to participate in the adjudication of a case.
- Initiate the resolution process as determined Human Resources Policy
- Notify both the complainant/victim and the accused simultaneously of the resolution decision.
- Notify both the complainant/victim and the accused simultaneously of the right to appeal the decision.

Reports of all domestic violence, dating violence, sexual assault and stalking made to Public Safety will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant chooses to pursue criminal charges.

⁶ Title IX states that if an institution knows or reasonably should know of sexual harassment, to include sexual violence, the institution has a duty to investigate. Consequently, whether a complainant chooses to cooperate or not should not be the deciding factor for whether or not disciplinary charges are brought against an accused party. If an investigation determines that it is more likely than not that the institution's sexual misconduct policy was violated, then the "University" may assume the role of the complainant.

The university disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. The Student Code of Conduct provides that:

1. The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing board that protects the safety of victims and promotes accountability;
2. The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;
3. The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;
4. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
5. The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused student each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing;
6. A student conduct decision is based on the preponderance of evidence standard, i.e. "more likely than not to have occurred" standard. In other words, the conduct process asks: "is it more likely than not that the accused student violated the university's Student Conduct Code?";
7. The accuser and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and
8. The accuser and the accused each have the right to appeal the outcome of the hearing by submitting in writing an appeal to the Office of Student Affairs and will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

A person alleging sexual assault, domestic violence, dating violence, or stalking may also utilize the complaint and investigatory procedures set forth in the university's policy against Sexual Harassment located at <http://www.davenport.edu/human-resources/policies-procedures> in order to remedy any hostile environment.⁷ All conduct proceedings against students, however, will be resolved through the Student Code of Conduct which may be found at <http://www.davenport.edu/campus-life/student-conduct/policies>

When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the university's ability to respond to the complaint may be limited.

Confidentiality

The university will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Sanctions and Protective Measures

⁷ "Hostile Environment" is the term used by Title VII in employment law as it relates to action taken against a person in retaliation of a complaint of sexual harassment or for cooperating with a sexual harassment investigation. Under Title IX, the term used is "retaliation." Institutions may choose to provide both terms for clarification although it is not required.

In all cases, investigations that result in a finding of more likely than not that a violation of the Student Code of Conduct or Employee Handbook occurred will lead to the initiation of disciplinary procedures against the accused individual. University sanctions for students are as follows:

Rape: probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

Fondling: warning or probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

Incest: probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

Statutory Rape: probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

Domestic Violence: probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

Dating Violence: probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

Stalking: probation or suspension or dismissal with the possibility additional sanctions including being banned from a segment/area of campus; /no contact order/expulsion from University Housing

For Staff:

Sexual Assault, Domestic Violence, or Dating Violence: Termination of employment, suspension, education programs, no contact order.

Stalking: suspension, termination, no contact order, warning, community service, or education programs.

The University may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the following actions: no-contact order; alteration of living, academic, and work situations. For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Conduct Code. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a University order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.⁸ Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Davenport University.

The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Sex Offender Registration

⁸ Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In Michigan, convicted sex offenders must register with the Michigan State Police Public Sex Offender Registry. You can link to this information, which appears on Michigan State Police website, by accessing website at http://www.communitynotification.com/cap_main.php?office=55242/
