### Step 3: Student Information

- You (the student) are seeking a degree or certificate from Davenport University (DU) and plan to enroll at the Host Institution listed above.
- With this consortium agreement, Davenport will disburse financial aid based on your combined enrollment at both institutions.
- Davenport is responsible for determining eligibility and awards, disbursing aid, monitoring academic progress, keeping records, returning funds and federal enrollment reporting.
- After all Davenport charges are paid, Davenport will disburse any excess aid to you.
- You are responsible to set up payment arrangements at the host institution.
- **Your refund of excess financial aid through Davenport may not be available in time for payment that is due to the host institution.** Financial aid funds for credit hours from the Host Institution will not disburse until attendance is confirmed by the Host Institution.
- Students participating in a consortium agreement between DU as their home school and one of Davenport's partner schools as their host school are not permitted to receive Davenport University financial aid funds for courses taken at the host school. Davenport funds include but are not limited to athletic scholarships, academic scholarships, general Davenport scholarships, Foundation scholarships, tuition grants and tuition discounts. However, students are allowed to receive state and federal aid for courses taken at both the home school and host school.

By signing this form, you agree that Davenport and the Host Institution may share all records pertaining to your enrollment, including but not limited to enrollment, grades, charges and withdrawals from class(es). You also agree that you will be enrolled for at least six (6) credit hours for the semester at Davenport University.

*This form will need to be completed by the end of the first week of each semester. If you are attending only session 2 courses, the form will need to be completed by the end of the first week of that session.*
