

Transfer to
a lifetime of
opportunity

Make a smooth transition

If you're looking for a fresh start and ready to move toward a brighter future, Davenport University is here for you. And we can help you graduate sooner to begin the career you've always dreamed of — faster than you ever expected.

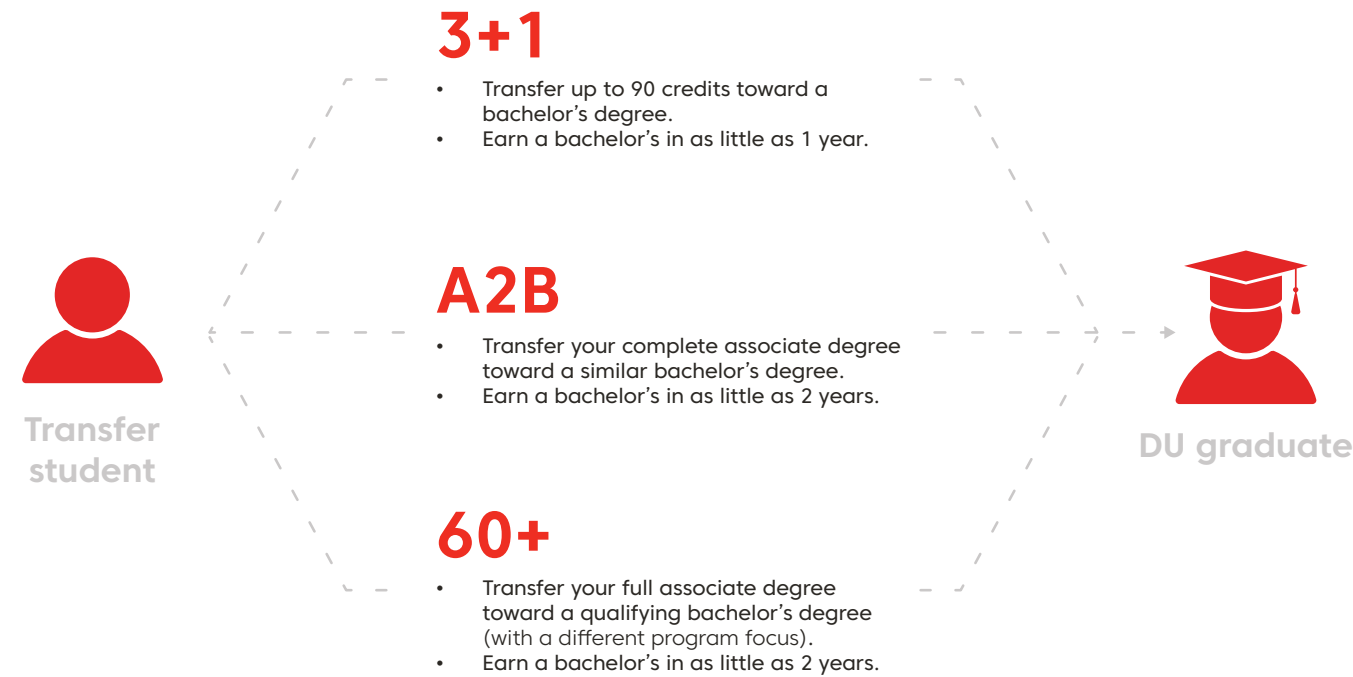

Get the credit you deserve

Whether you're making the transfer from a community college or another four-year program, Davenport has a dedicated transfer admissions team to help you get the most transfer college credits, connect you with financial aid and provide the guidance you need every step of the way.

And here's what makes Davenport really stand out among other universities: We accept up to 90 transfer credits and offer ways for your full associate degree to count. Ask about our A2B offering, through which we accept your entire associate degree so you only have to take 60 more credits to complete a bachelor's degree.

We're one of the most transfer-friendly universities in Michigan, too, and that includes giving you credit for your previous class work, qualifying training programs and military experience. Our experts will help you get the most transfer college credits toward your degree so you can finish faster.

Speak with a Davenport admissions representative for a custom transfer plan, whether you're ready to transfer now or planning for the future. A custom plan is the best way to maximize your credits.
