## Leader of Leaders

### Lead with Vision, Drive Results

The modern workplace demands agile, adaptable leaders who can navigate complexity and inspire teams to achieve ambitious goals. Davenport University's 6-week Leader of Leaders program equips leaders with the skills to develop a sustainable competitive advantage for the organization.

This results-oriented program combines **one-on-one executive coaching** with small group sessions and a leadership skills assessment to provide immediate and lasting impact on leadership style and organizational outcomes.

Participants will develop a leadership action plan/vision, build high-performing teams, and drive innovation – all while maximizing time and investment.

#### After completing this program, participants will be able to:

- Lead with strategic clarity and purpose
- Build high-performing, collaborative teams
- Drive innovation and adaptability within your team
- Navigate organizational complexities with confidence
- Achieve measurable results, contributing to organizational success
