Why DU?

- Chance to acquire industry-recognized certifications, which increase pay and opportunities upon graduation.
- Registered Cisco Academy so you know what you’re learning is aligned with an employer’s technology and required skills.
- Cyber Defense competitions that allow you to demonstrate the skills employers seek on a national level.
- Davenport’s Network Design Team earned 1st place in the Business Professionals of America (BPA) national competition.
- Davenport’s Student Cyber Defense Team won 1st place at Michigan Collegiate Cyber Defense Competition (CCDC).
- One of only five NSA, DOD and DHS-Designated Centers of Academic Excellence for Information Assurance in Michigan. There are specific scholarship and government career opportunities because of this designation.
- Dedicated networking labs with state-of-the-art equipment.

Put yourself in the middle of the action. Recent hacker attacks and computer viruses have companies scrambling to protect their information, and they’re looking for qualified experts to guard their data from cyber intrusion. With this degree, you can launch your career in a fast-growing field that offers long-term career growth and a median salary of $74,000 (per onetonline.org). You'll gain the skills to monitor, prevent and detect security breaches, plus you’ll learn the policies and procedures necessary to protect your organization’s network. You’ll be on your way to becoming a cybersleuth!

Davenport University

- We are a private, non-profit university preparing students for a career.
- We award $15 million in scholarships each year.
- We keep a low student-to-faculty ratio.
- We offer 11 campuses across Michigan.
- We specialize in flexible online or on-campus classes days and evenings.
- We are nationally respected for our curriculum and faculty.

College of Technology

Our curriculum is ahead of the curve. We research what’s new, what’s critical and what’s emerging. We add a strong business foundation to give you the edge you need to succeed in your tech career. Find your future with Davenport's College of Technology.
