

Master of Accountancy

Comprehensive, credible and contemporary in design. Our Master of Accountancy (MAcc) program offers multiple tracks and concentrations to enhance your professional value. We offer graduate level concentrations in accounting fraud investigation, finance, internal auditing and managerial accounting that set us apart from other institutions. Multiple tracks in the program also prepare you for four certification exams, including the CPA, CMA, CIA and CFE.

Whether in-seat or online, we have over 150 years of experience in preparing business professionals.

Why DU?

- You can customize your program with the specialty choices and certification preparation that reflect your professional aspirations.
- You can select from performance-based experiential core courses that demonstrate your ability to know and to do by building your professional portfolio.
- Accounting and financial analytics course work is provided as a core feature of your learning experience.
- Professors are practice-based professionals and provide you with the knowledge and skills you need to perform at top levels in the accounting field.

Davenport University

- We are a private, non-profit university preparing students for a career
- We award \$15 million in scholarships each year.
- We keep a low student-to-faculty ratio.
- We specialize in flexible online or on-campus classes days and evenings.
- We are nationally respected for our curriculum and faculty.

Donald W. Maine College of Business

DU has been a leader in business education since 1866, with a proud tradition of preparing leaders for today and tomorrow. Respected, rigorous and proven, we focus on your success. Find your future with Davenport.

Why an MS in Accounting?

The Master's program offers multiple tracks that culminate in the student taking the CPA, CMA, CIA or CFE preparation courses. The Davenport University accounting degree programs are developed with careers and respective certifications in mind. Earning certifications can lead to better job prospects and higher pay. You will be prepared to take certification exams in these areas:

- Certified Public Accountant (CPA)
- Certified Government Financial Manager (CGFM)
- Certified Fraud Examiner (CFE)
- Certified Financial Manager (CFM)
- Certified Management Accountant (CMA)
- Certified Internal Auditor (CIA)

Specialized Areas

The MAcc offers several specialized areas of focus so you can complete your master's degree in the area that best interests you.

- **Finance:** Analyze a company's financial information, practice financial planning and assess the financial operations and positions of an organization using various analysis methods.
- **Fraud Examiner and Auditing:** Conduct investigation analysis from financial data to detect fraud for process improvement and prosecution. Apply knowledge of internal controls and auditing to assess the efficiency and effectiveness of an organization's operations and develop recommendations.
- **Managerial Accountant:** Analyze financial statements with the ability to construct and communicate strategic decisions for businesses.
- **Professional Accountant:** Expand your knowledge and understanding of CPA's professional and legal responsibilities, matters of agency, creditor-debtor interactions, uniform commercial code and contract law in which you will apply business law concepts.

Accounting Career Opportunities

Certified Public Accountant (CPA) is a trusted financial advisor who helps individuals and businesses plan and reach their financial goals.

Certified Management Accountant (CMA) is a professional accountant who primarily works for a company and records and reports transactions for internal review by business owners and managers.

Certified Internal Auditor (CIA) is a professional accountant who reviews the accounting data for a company while identifying any improper accounting practices or errors in reporting.

Certified Fraud Examiner (CFE) is a professional accountant who resolves allegations of fraud, obtains evidence and assists in the prevention and detection of fraud and white collar crime.
