Is a Healthy Michigan Plan right for you?

More people in Michigan are now eligible

Federal health reform – also known as the Affordable Care Act (ACA) – has increased the number of people who can receive State assistance. If you or your family earns up to 133% of the federal poverty level you may qualify.

Healthy Michigan Plan eligibility:

- age 19-64
- Resident of Michigan
- Not eligible for or enrolled in Medicaid or Medicare
- Not pregnant at the time of enrollment

Why should I get the Healthy Michigan Plan?

The ACA requires most Americans to have health insurance or pay a penalty fee. If you can’t pay for it on your own, a Healthy Michigan Plan is an option that can lower the cost of your health insurance. You’ll get the same type of health care coverage that you may have gotten through an employer or paid for on your own in the past. And if you haven’t had health insurance before, a Healthy Michigan Plan is a way to get it.

Coverage includes:

- Hospital visits
- Doctor visits
- Prescription drugs
- Laboratory services
- Emergency services
- Maternity and newborn care
- Preventive services, including dental care
- Therapy and equipment to help you recover from or live with an illness or injury
- Help with mental health and substance use problems
- Ambulance services
- Care that prevents injuries
- And more!
