It’s time to step back, sort through, think creatively, reflect, re-invent and experience work from a whole new perspective. The Institute for Professional Excellence’s Leadership for Performance program combines the best practices and principles behind the art and science of leadership, decision-making, problem solving and organizational effectiveness.

Learn how to:
- Lead with authenticity
- Prioritize, plan, and manage time more effectively
- Make conflict a powerful force for creative, well-rounded solutions to problems
- Build collaborative partnerships and communicate effectively
- Make effective decisions
- Meet the needs of employees and co-workers through communication and coaching
- Use team strategy to drive action and get results

Benefits to you and your organization:
- Gain a new perspective on effective leadership approaches and how to apply techniques to different situations
- Understand the true drivers of influence and power in organizations
- Learn how to build a successful team and manage conflict more effectively
- Improve delegation skills to build team confidence and trust

Who should attend?
- Managers who may be new to a leadership role or need to expand their range of effective leadership approaches
- Experienced managers who have not yet been exposed to leadership practices, management, motivation and the decision making theories
- Individuals who aspire to leadership roles are also encouraged to attend

Investment includes:
- DISC Assessment
- Interactive sessions
- Specialized manual and course materials
- Personalized Certificate of Completion
